

DAL COURTERS HAVE REPLY OF LLOYD GEORGE

Start for Dublin With Answer to De Valera Questions.

IRISH MAY CHANGE PEACE DELEGATES

London Hears That Michael Collins Will Assume Leading Role.

(Special Cable to The Washington Herald and Chicago Tribune.)
There was a big demonstration in Dublin today at the funeral of Michael Collins, a member of the Pianna Na Eireann—the Irish boy scouts, who were accidentally shot in camp. The Pianna is more important than boy scouts, for in reality it is a training corps for the republican army. More than 3,000 members of Pianna Na Eireann were in the funeral procession, which was headed by the Countess Markiewicz, wearing the uniform of the republican army.

(Copyright, 1921.)
LONDON, Sept. 13.—Harry Boland and Joseph McGrath, Sinn Fein couriers, are on their way back to Dublin after an interview with Lloyd George at Gairloch at which certain points regarding the proposed Inverness peace conference were discussed. They will lay before the Daily Eireann cabinet the British premier's viewpoint on certain new issues raised by Eamonn de Valera.

An official communiqué issued at Gairloch tonight announced the fact that the two messengers had talked with Lloyd George and were returning to Dublin at once. British attention now is turned to speculation as to the make-up of Ireland's peace delegation.

De Valera May Withdraw.
It is understood in Dublin that Eamonn de Valera and Prof. MacDonagh will cede their positions on the delegation to the more businesslike members of the cabinet, such as Michael Collins and Arthur Griffith. It is also believed that Cosgrave, minister of local government in the Daily Eireann cabinet, will be a member of the party that is to journey to Scotland in a final attempt to bring peace.

These reports are, of course, received with the utmost reserve in London, even by Sinn Fein sympathizers, who are perhaps worthy of credence to the extent of deductions based on knowledge of what Sinn Fein requires at this stage of the negotiations. Both Michael Collins and MacDonagh are typical Irish intellectuals.

Collins a Practical Leader.
It is believed here that the last note was written by Michael Collins. Collins, though hating England, and obviously desiring to fight to the death if necessary, is regarded as one of the most important assets to the cause of peace, since he is a practical man, able to grasp the situation and act promptly when he knows that the limit of concession has been reached.

British officials who are anxious for peace, and who would prefer to deal with Collins and the Collins group, since the Irish commander is a direct bargainer, although he may be sharp, hostile and fearless in his methods of doing business.

National Ideal in Ireland.
If these reports, most of which emanate from sources in Dublin, close to Sinn Fein headquarters, are true, it means that at last Collins has taken personal charge of the situation and is today the national ideal of Ireland.

And it means, above all else, that the rhetorical stage of the negotiation has come to an end. The publication of the text of the latest note to Lloyd George has been afforded by the government. It is reported, however, that it will be given out tomorrow morning.

LONDON, Sept. 13.—In reply to an address from the convocation of York, King George declared that he was thankful that "in response to my appeal, a new sign of hope has arisen in Ireland. I pray that the promise of a new era may be realized and that my Irish people may be united one to another in peace and good will."

RICH COSTUMES FOR "WILD CAT"
NEW YORK, Sept. 13.—A drop curtain and costumes valued at \$100,000 said by customs officers to be the most gorgeous needle work in their experience were brought to New York today on the Spanish liner Montserrat from Barcelona and Cadiz.

British Plan Road Building As Relief for Unemployed

Dole System, Costing \$150,000,000, Found Unsatisfactory—Jobless Riotous in Demand for Work or Support.

(Special Cable to The Washington Herald and Chicago Tribune.)
LONDON, Sept. 13.—The first sitting of the cabinet committee on unemployment, which was appointed at Inverness last week, was held at 10 Downing street today. The session lasted two hours, and plans for the immediate relief of the unemployed were considered. It was decided that no extension of the dole system, under which approximately \$150,000,000 has been given out without the slightest return, would be tolerated. Instead, policies were formulated for starting work of a useful nature on which the men can be employed. Attention was concentrated on

UNIONS MAY ASK COURT TO REVIEW NAVY YARD CUT

Workers Declare Six-Day Basis Will Not Offset Reduction.

The legal angle of the navy yard wage cut issue and the possibility of taking the question to the courts in the event all other steps fail to halt the enforcement of the new navy yard wage scale, was discussed at a meeting of the representatives of the navy yard workers and the Machinists Building last night.

Frank Mulholland, national attorney for the International Association of Machinists, arrived in Washington and went into conference with the leaders of the machinists' union over the question of law involved in the decision by the navy yard.

Believe Law Is Violated.
While no definite action was taken on the matter, it is known that some of the union officials believe that the statutory law prescribing that the wages of the navy yard employees must conform to the outside rates is not in harmony with the scale ordered by the navy yard. Referring to the announcement that the Secretary of the Navy would reintroduce the six-day week as a means of affording more earnings to the employees, a statement issued by the committee of Columbia Lodge No. 174, which met last night, declared that the proposed adjustment "is merely an attempt to cut the coat to fit the cloth, at the expense of the workers."

Workers Issue Statement.
The statement, which is signed by H. Leeman, declares that even with the additional hours of work the earnings of the men would be less than under the present five-day basis.

The full statement of the workers' representative is as follows: "It is noted, according to the evening papers, that the Navy Department is contemplating putting the navy yards back on a six-day basis in order to alleviate the hardships which the navy yard workers will suffer when the new wage scale goes into effect on the 16th of the present month."

"This is in line with the recommendations of the Departmental Wage Board of Review, which clearly admitted that the 73 cents per hour established for mechanics was inadequate to maintain a standard of living equal to that enjoyed by them in 1913, or before the war."

"The board recommended that as soon as possible the yards be returned to the 44-hour week. The position of the men would be that the return to the 44-hour week is acceptable to them, but they feel that at the same time the wage rate should be high enough for them to maintain at least the prewar standard of living. It is pointed out that working a full week of 44 hours the weekly earnings of a navy yard mechanic would be \$148 a week less than the total weekly earnings under the present rate for only five days work."

"The workers feel that the adjustment is merely an attempt to cut the coat to fit the cloth at the expense of the workers."

MANILA STUDENTS RAP "NIGHTGOWNS"

Resent Wearing White Instead of Black at Graduation.

(Special Cable to The Washington Herald and Chicago Tribune.)
MANILA, Sept. 13.—White caps and gowns, or commencement, instead of the traditional black, will be worn by the faculty and students at the University of the Philippines, according to a decision made by the Board of Regents today. The university is a government institution and has an enrollment of 4,000. The newly-elected president, Guy Potter Benton, favors the white costume on account of the tropical climate. At a mass meeting of the students, held to protest against the new order, a resolution was passed condemning the "night gowns."

WINCHESTER FAIR TO HAVE 4 BIG DAYS
POCONO, N.J., Sept. 13.—All the days of the Winchester fair, September 20 to 23, will be "big ones," Secretary Tom Burley announced today. Heretofore, main attractions have been confined to one or two days, but this year it will be entirely different, starting off with auto races, the respective institutions.

ACCEPTS HOUSE BILL IN EXCESS PROFITS LEVY

Senate Committee Gives Up Retroactive Proposals.

PLANS TO RAISE CORPORATION TAX

Favors Repeal of Stock Tax, Effective on July 1, 1922.

The Senate Finance Committee definitely has decided that the repeal of the excess profits tax, which was made effective January 1, 1922. This means the tax will apply during the current year.

The committee, in reaching this decision, concurs in the provisions of the tax bill as passed by the House. It repudiates the recommendations of the administration, made through Secretary of the Treasury Mellon, that the repeal be made retroactive to January 1, 1921.

The argument for retention of the tax is that the year has so far advanced that the repeal already has been passed along to the ultimate consumer, and that its repeal at this late date would be of no benefit to the taxpayer.

Vote Is Unanimous.
Republicans on the committee were united in favor of the repeal in 1922, with the exception of Senator La Follette, of Wisconsin. Senators Penrose, of Pennsylvania, and Calder, of New York, and perhaps others, favored making the repeal retroactive, but when the vote came it was unanimous. Democratic members of the committee refrained from voting.

Other important decisions of the Finance Committee include the following: Imposition of a 15 per cent tax on corporations, instead of a 12½ per cent tax, as the House bill provides, effective January 1, 1922.

For Stock Tax Repeal.
Repeal of the capital stock tax, effective July 1, 1922.

Elimination of the House provision exempting the salaries of the President and members of the judiciary from income tax.

Agreed on a clause compelling all persons having a gross income of \$5,000 or more to file an income tax return, whether the income is taxable or not.

Struck out House provision allowing corporations to deduct from taxable income contributions made to charity.

Eliminated House exemption of \$500 on income received from building and loan associations.

Eliminated House provision exempting from income taxes the expenses of traveling salesmen while they are on the road.

Transportation Tax Undecided.
The important question of the transportation tax remains to be decided at a later meeting of the committee, although it is indicated this tax will remain in effect as the House bill provides. In addition, there is virtual agreement that the taxes on express packages and the transportation of mail, as proposed by the House, will be restored. These taxes would bring into the Treasury about \$30,000,000.

It is indicated also that the tax on candy will be restored to 5 per cent from the 3 per cent to which it was reduced by the lower chamber. The tax on tobacco will probably be left as it is, although this is regarded as a source of revenue that can be tapped if there is need.

FARMERS KILLED IN PISTOL DUEL

KELLER, Va., Sept. 13.—Edward Phillips, 50 years old, a farmer of near Wachapreague, was shot and killed early today by John Adams, a resident near Wachapreague, Chesapeake.

Adams was in the arm and was removed to Salisbury. Phillips was owner of the far occupied by Phillips and is said to have given him notice to move.

Phillips went to the home of Adams last night, and a quarrel started, which resulted in the killing.

Chaplin Playing Hide and Seek in London Crowds

Youth Thought to Be Comedian Mobbed by Boxing Spectators.

(Special Cable to The Washington Herald and Chicago Tribune.)
LONDON, Sept. 13.—Charlie Chaplin, a native son of hundreds of his London admirers who are hunting the shy comedian, now they see him—now they don't.

Despite the fact that 5,000 men and women mobbed a youth in a dinner jacket, believed to be Charlie, at the Beckett-McKewin's restaurant last night, Chaplin's manager says that the comedian was not present.

At midnight Chaplin was seen at Kensington and hustled up the stairs in which he had lived as a poor boy. He climbed up three flights of stairs to a little room under the roof where he lived.

Reynolds now lives. He knuckled at the door and when a voice asked, "who's there?" Charlie said: "I'm Charlie. I used to live here. May I come in?"

He entered and chatted with Mrs. Reynolds for an hour and then returned to the flat. He slept until late this afternoon, and then went for a walk. He succeeded in passing a waiting crowd without being recognized.

The psychologists of the British scientific body, now in session at Edinburgh, discussed Charlie this afternoon apropos of the sense of humor in children.

Auto Hits Woman and Crashes Into Cars on F Street
Various Charges Placed Against Driver Who Caused Damage.

One woman was knocked over and five automobiles partially wrecked when a car driven by an alleged intoxicated driver ran wild along F street, near Thirteenth street, about 5:30 yesterday afternoon.

As the car, driven by a Marshall Kirkman, 50 years old, of 3034 Sixteenth street northwest, passed Thirteenth street traveling east on F street, it bumped into the rear of an automobile parked along the curb. Careening from this machine the car swerved suddenly, striking Mrs. Lillian Keatley, 57 years old, of 122 Maryland avenue northeast, who was approaching the curb.

The car was knocked down and later removed to Emergency Hospital for treatment for cuts and bruises.

Hits Another Car.
In an effort to avoid striking Mrs. Keatley, the driver, jumping his car toward the curb and bumped into the rear of another machine. Three machines parked in front of the latter car were smashed.

The car, which was a 1920 Ford, was thrown into a near panic in an attempt to avoid the line of suddenly moving machines. A Ford car on the far end of the row was turned completely around and shoved on to the sidewalk.

The machines parked at the curb, all of which were damaged as the result of the peculiar accident, belonged to Mrs. M. Broadfield, 2448 Eighteenth street northwest; Joseph R. Boyd, 1330 Parkwood street northwest; and Charles Wiser, 907 Webster street northwest.

Police Arrest Driver.
Kirkman was arrested by Police Officer Haycock and Johnson of the First precinct on charges of driving a car while under the influence of liquor, colliding, failing to register and assault. The charge of failing to register grows out of a recent police regulation which requires motorists driving cars with other than District licenses to register with the police traffic bureau within three days after their arrival in this city.

Kirkman was using a New York license on his machine. He was released on \$1,200 bond.

Damage sustained by Kirkman's machine included a broken headlight, while the radiator of the machine and a fender were also damaged. The exact amount of damage to the other machines was not estimated by the police.

BUREAU CRITIC DISMISSED BY MAJOR FRASER

Chief of U. S. Veterans' Organization Resents Emerson's Charges.

STATEMENT MADE BY COL. FORBES

Declares Medical Advisor Unsatisfactory Administrator.

Dr. Haven Emerson, medical advisor of the U. S. Veterans' bureau, was summarily dismissed yesterday afternoon by Major Leon Fraser, acting director of the bureau, and his leave cancelled. Dr. Emerson stated in a speech at Columbus, Ohio, Monday, that the Veterans' Bureau was a "football of politics."

He had stated in his address before the Mississippi Valley Conference on Tuberculosis that he was resigning on September 15. His dismissal was on September 13.

Col. Charles R. Forbes, director of the bureau, who is on an extended inspection trip, issued the following statement in reference to Dr. Emerson's charge that "plumbers and policemen are being substituted for scientific men."

Finds Service Unsatisfactory.
"Dr. Emerson's ridiculous statement that \$5,000,000 is being used in the Veterans' bureau for political patronage is unqualifiedly false. I expected some such silly statement from a disgruntled employee whose services have proved unsatisfactory."

"The doctor intimates that his righteous indignation over politics in the bureau is such that he is resigning voluntarily to get out of it. The facts are that Dr. Emerson is the poorest administrator I ever met."

The facts are that I found the medical division, under his direction, in a chaotic condition. Little short of a public scandal. He had 55,000 cases awaiting action and was losing ground every day while sick and destitute men clamored for aid.

Pat Executive in Charge.
"It was necessary for me to take the situation in my own hands to clear things up. Dr. Emerson, of high professional capacity, demonstrated such a complete absence of executive ability or administrative common sense that I was forced in August to place a medical executive officer, Lieut. Col. R. O. Patterson, in charge of the division, and to indicate to Dr. Emerson that his services were no longer desired."

Denies Emerson's Charges.
"His insinuations that plumbers and policemen are replacing doctors in medical work must be maintained. Under Lieut. Col. Patterson, no plumber or policeman is doing medical work for the Veterans' bureau or ever shall, and no doctor has been appointed without approval of his professional standing by Doctor Emerson or his successor in office. It is too bad Dr. Emerson lost his head and his manners; yet, the present incident is typical of the way he ran his medical division."

HARDING TAKES UP PROBLEMS ON TRIP

Three Cabinet Members Discuss Affairs of State Aboard Yacht.

NEW YORK, Sept. 13.—President Harding introduced a little business into his second day's visit to New York. Three members of his Cabinet were aboard the Mayflower and with them he discussed matters of state during his game of golf at Piping Rock.

The Cabinet members were Secretaries Hoover, Weeks, and Attorney General Daugherty, the last two having arrived today. Under Secretary of State Fletcher also joined the conference. The topics discussed concerned the disarmament conference and the Ford bill for the Muscle Shoals nitrate plant.

The President played golf during the greater part of the afternoon with J. Leonard Replogle, steel manufacturer, and Harry S. Whitney, president of the American Golf Association. Mrs. Harding was entertained at the Piping Rock Club house by Mrs. W. K. Vanderbilt and members of the wealthy Lons Island colony.

Tonight the Mayflower, with the Presidential party aboard, anchored off Southampton. The President plans to go ashore tomorrow and play golf on the National Golf Club course. After that his plans are indefinite, although he may cruise homeward in the afternoon or evening, arriving in Washington late Thursday or Friday.

Mrs. McCulloch Trustee Of Kensington School

KENSINGTON, Md., Sept. 13.—Mrs. J. E. McCulloch has been appointed a trustee of the grammar school here in place of Mrs. Willard O. Waters, who recently removed to California.

Siberians Open Homes to 2,000 Volga Children

Boys and Girls of Famine Area Make Friends In Far East.

(Special Cable to The Washington Herald and Chicago Tribune.)
CHITA, FAR EASTERN REPUBLIC, Sept. 13.—Many children have been sent here from the Volga country, and 2,000 more are coming this month. They will be apportioned among private families. The Chita government is not able to provide for them owing to its lack of funds.

The children coming from the interior of Russia brought a little food with them. An analysis of their bread shows that it was made of a mixture of sorrel grass and a trace of bran.

According to reports received here in the ten governments in the valley of the Volga there are 90,000 persons starving and the minimum requirement, based on half rations, is set at 1,400,000,000 pounds for the townspeople and 504,000,000 pounds for the peasants.

The death rate is mounting rapidly. An order received here requires that any one proceeding to Russia must be inoculated for typhoid and cholera.

Soviet government has asked the Chita government to send grain, promising repayment later but the supply here is insufficient for the needs of the people. Some grain is being imported from the Japanese whenever cash is available.

CANADIAN LAUDS LEAGUE COURT AS BIG ACHIEVEMENT

Proposed Amendment to Article X Will Be Taken Up Later.

(Special Cable to The Washington Herald and Chicago Tribune.)
GENEVA, Sept. 13.—J. C. Doherty, representative of Canada, congratulated the league of nations council today on the work accomplished thus far, especially upon the league's greatest achievement.

In electing judges to the court, Mr. Doherty emphasized the need of forgetting local considerations and seeking only the most competent men available for the positions.

Canada's amendment to suppress Article X, which was rejected by a commission, will be taken up later, it was announced today.

Five Decline Nominations.
Doherty appealed to the league to settle the status of the Ukrainians, who are demanding admission to the league, because Canada, likewise a large colony, is anxious to know its status, which is said to depend upon a decision in the Ukraine question.

The list of names who have declined nominations to judgeships in the International Court now includes J. C. Doherty, of Canada; Elihu Root, Raymond Poincaré, Gustav Stresemann, former president of Switzerland, and Leon Bourgeois, of France.

Dr. Wellington Koo, of China, in today's session, defended the league's present progress, but agreed that such a commission's efforts would be almost hopeless with the United States out of the league. He further admitted that the progress had already been made in studying the problem of working out a basis for suppression of private manufacture of war materials.

Discredited Monroe Doctrine.
Senator Armaty, Bolivian representative, in an interview today, clarified Bolivian position with regard to the Monroe Doctrine.

"When the Monroe Doctrine was originated," he said, "it aimed first, to prevent the colonization of the American continent by European powers, and second, to keep the United States out of entangling alliances with Europe. The first objective has now disappeared and the second is principally an American national issue and countries on the American continent are not bound thereby."

H.F. CURRAN VICTOR IN N. Y. PRIMARIES

Borough President Has Six to One Lead for G. O. P. Nomination.

NEW YORK, Wednesday, Sept. 14.—Reports early this morning gave Henry F. Curran the victory in the Republican Fusion primaries for mayor by a six to one plurality. Of the 60,000 votes cast, Borough President Curran is believed to have polled at least 40,000. His closest running mate was F. H. La Guardia, president of the Board of Aldermen, with 6,500.

Judge Reuben A. Haskell, of Brooklyn, to whom many looked for victory, fell behind with approximately 2,500 votes to his credit. William A. Bennett, the "perennial" candidate, gathered a paltry 1,500 to his camp.

Mayor John F. Hylan stood unopposed in the Democratic primaries, and James L. Hines, anti-Tammany candidate for borough president of Manhattan, was buried under the vote of his opponent, Julius Miller.

JURY INDICTS ARBUCKLE FOR GIRL'S DEATH

True Bill on Murder Charge Returned As Verdict.

MISS RAPPE HURT SAYS WITNESS

Two Hours Consumed in Taking Testimony Of Witnesses.

SAN FRANCISCO, Sept. 13.—Roscoe (Fatty) Arbuckle was accused in a true bill voted by the grand jury tonight of the murder of Virginia Rappe. The action followed testimony from Zey Pevron, also known as Prevost, and Alice Blake, who testified that Arbuckle was in the room with Miss Rappe when she moaned: "I am dying. I am dying. I am dying."

In reply to Miss Rappe's cries Miss Pevron and Miss Blake said Arbuckle said: "Shut up, are you crazy? I'll throw you out the window."

The jury retired at 11 o'clock. Two hours had been consumed in taking testimony of the witnesses, including Miss Halstead, a nurse. Miss Blake and Miss Pevron testified that Arbuckle had mistreated Miss Rappe when she was hysterical, and crying that she was dying. At the coroner's inquest during the day testimony had seemed to favor Arbuckle.

Two Charges Fall.
Two of the blindest charges against Roscoe "Fatty" Arbuckle, film comedian, in connection with the death of Miss Virginia Rappe, actress, were repudiated in testimony.

Mrs. Jeanne Jamieson, nurse, whose affidavit was the primary cause for the charge of murder, said today she had given evidence which she did not know whether she had been assaulted or not.

Al Semacher, manager for Miss Rappe, also gave testimony favoring Arbuckle.

The repudiation came from Mrs. Bambi Maude Delmont, who filed the complaint charging Arbuckle with the girl's murder.

Mrs. Delmont had charged that Arbuckle dragged Miss Rappe into his room, and that the dying woman had told her he had torn clothes from her body. Her testimony today did not bear out these charges.

Throughout the testimony of Mrs. Delmont, the comedian's eyes were glued on her every second, except for a word now and then with his attorneys.

His face seemed redder than ever. His eyes were slightly bloodshot.

Says Autopsy Hampered Prosecution.
During the day District Attorney Brady had given doctors permission to perform an unofficial autopsy on Miss Rappe's body. This unofficial autopsy, Brady claimed, had hampered the prosecution. Mrs. Strebeck claimed the charges.

Miss Alice Blake, another member of the fatal party, was brought to the inquest rooms while Mrs. Delmont was being questioned.

According to Brady, Miss Blake disappeared Monday night. Her disappearance, charged with the reversal of the story of Miss Zey Pevron, another member of the Arbuckle party, has led the prosecution to charge that the witnesses are being tampered with.

KATO WILL HEAD TOKYO DELEGATES

(Special Cable to The Washington Herald and Chicago Tribune.)
TOKYO, Sept. 13.—Admiral Baron Kato has been definitely chosen to head the Japanese delegation to the Washington conference on disarmament and the Pacific problem.

Stateside Shidehara will also be a member of the delegation. Premier Hara will probably assume the naval portfolio during Admiral Kato's absence. Baron Kato has been prominently mentioned as a delegate with either Baron Ishii or Baron Hayaashi, provided that the European situation is such that either is able to leave home. Baron Ishii is prominent among the Japanese favoring a triple alliance in the Pacific.

BEATING UP FATHER BRINGS FINE OF \$10

WINCHESTER, Va., Sept. 13.—Charged with beating up his aged father, Daniel H. Anderson, a crippled Confederate veteran, Morgan Anderson, a local druggist, was convicted in police court and fined \$10 and costs. On the plea of the parent a jail sentence was suspended. The two men were said to have had a dispute over where a box should be placed, and the son was charged with being attracted by shouts of "murder" and found the aged man prostrate on the ground and the son bending over him in a threatening manner. The son was pulled aside, while someone called the police.

GIVEN LIFE TERM FOR WIFE MURDER

LYNCHBURG, Va., Sept. 13.—Roy Patrick, negro, was sentenced in the corporation court here yesterday afternoon to life term for the murder of his wife, Lizzie Patrick, here two months ago. The negro pleaded guilty, though at the time of the shooting, he claimed that he did not intend to shoot and that the shooting was an accident. The shooting followed a quarrel. Judge Christian sentenced the negro without a trial.
